

Portable, Electric-Powered, Diesel-Heated Hot Water Pressure Washer with Roll Cage

Electric-Powered Hot Water Pressure Washer Provides Unique Combination of Durability and Portability

Built on an extra-sturdy 1¹/₄-inch steel frame, these compact electric roll cage models are designed for rugged terrains like construction sites, farms and factories

- Rugged Roll Cage with Tubed Pneumatic Tires
- Industrial-Duty Pump with 7-Year Warranty
- Variable Pressure Wand
- 6 Gal Fuel Tank

where electricity is available. The three models deliver hot water cleaning of up to 2000 PSI using 120V or 230V 1ph. Each model features a Kärcher direct-drive crankcase-style pump with 7-year warranty, industrial-grade Baldor motor, 1/2-inch Schedule 80 heating coil with stainless steel wrap, pneumatic wheels, powder coat finish for all-weather protection, and North American-style accessories, including quick-connect nozzles and an insulated variable spray wand. All are certified to UL and CSA standards.

TYPICAL APPLICATIONS

- Engine Repair
- Agriculture
- Rental
- Municipalities
- Marina
- Bldg Maintenance
- Light Equipment
- Transportation

WHY KÄRCHER

Kärcher is the most trusted name in pressure washers—a fact confirmed when Kärcher was the only brand

selected to clean the famous Mount Rushmore National Monument in 2005.

Founder Alfred Kärcher invented hot water pressure washing in 1950. Today, as the world's largest manufacturer of pressure washers, Kärcher is the recognized innovative leader in the industry with over 300 patents.

Dimensions:
39"L x 27"W x 44"H

- Compact 1¹/₄" powder-coated **steel roll-cage** frame protects machine components and is highly maneuverable
- Power platform cushioned on 4 **vibration isolators** for smoother operation and long-life protection to frame and components
- 13-Inch tubed pneumatic **tires** for easy handling on all terrains
- Fuel filter/water **separator** ensures pure fuel supply
- Safety **relief valve** attached to discharge side for protection against excess pressure build up
- Rust-free, 6-gallon polyethylene diesel **fuel tank** for hours of operation without interruption
- Insulated Schedule 80 **heating coil** is made of 1/2-inch steel pipe and cold rolled; comes standard with stainless steel coil wrap and 5-year warranty
- Insulated trigger **gun** for hours of fatigue-free cleaning
- Thermal **pump saver valve** protects against hot-water damage by venting recirculated water
- Insulated, dual-lance variable pressure **wand** with quick-couple connectors for easy attachment of high-pressure spray nozzles
- 36 ft. **electrical cord** includes ground-fault circuit interrupter for maximum operator safety
- Tri-lingual operating **instructions**
- 120V 1725 RPM or 230V 3450 RPM industrial-grade Baldor **motors** provide reliable power to the pump
- High-efficiency **burner** with transformer for years of reliable and affordable operation
- Easy-to-attach downstream **detergent injection** with quick couplers and brass soap nozzle
- Industrial-grade, tri-plunger, oil-bath, direct-drive, **Kärcher pump** with 7-year warranty
- 50 ft. of durable, wire braid **hose** rated for 3000 PSI and with hose guard for burst protection
- Water-resistant **control box** with burner on/off switch, adjustable thermostat and hour meter
- Four conveniently mounted, quick-couple spray **nozzles** for varying fan spray
- **ETL certified** to UL and CSA standards
