

LIBERTY SERIES

Karcher has made customizing a trailer-mounted wash system for on - site cleaning as easy as 1-2-3.

- **Step 1:** Choose from two rugged trailers -the dual-axle TRK -6000 or the single - axle TRK - 3500.
- **Step 2:** Select from 11 models of the Liberty Series, skid-mounted hot water pressure washers to create a contract cleaner’s dream.
- **Step 3:** Customize your trailer with a broad selection of options and accessories, such as hose reels, chrome coverings, work lamp, etc. A full list is below.

Both trailers are made of extra-rugged 2-by-3 inch structural tubing. The wheel and axle assembly feature leaf - spring suspension of up to 3,500 lbs. per axle and 15-inch, white spoke wheels. A powder - coated epoxy finish gives the entire package added weather protection.

Other features of the trailer packages include:

- All electrical wiring is recessed within the tubular frame;
- Lighted license plate holder and recessed tail lights;
- 1,000 lb. swivel jack with a 2 5/16-inch ball coupler for quick and easy hook up of the trailer;
- Two 3 - way ball valves for easy switching of the water flow from the holding tank to a faucet;
- Durable steel cage for holding the tank and pressure washer in place;
- High - density, polyethylene water tank with a 12-inch access port, 1 ½ inch drain valve, 3/4-inch float valve and a 50 - mesh inlet filter; and two 5/16-inch chains for additional safety.

Features

- Single or tandem axle models for customer flexibility
- 11 models of hot water pressure washers
- 200 or 330 gallon water tank made of high-density, polyethylene
- Electrical wiring recessed within rugged tubular frame
- Two 3 - way ball valves for easy switching of water flow
- Many accessories available
