

When minutes count and quality matters, buy our Rider36

**PUT THE PEDAL TO
THE METAL, GET
YOUR HARD SURFACES
CLEAN AND ELIMINATE
THE FATIGUE FACTOR.**

The new Rider36 is a simple way to clean more area in less time. Simply hook to your current pressure washer, have a seat and get to work.

The features independently driven hydraulic drive for ease of operation and service. There is a simple hand control system where all important functions can be monitored from the drivers seat. The built-in boom system keeps your hose up and out of the way.

The cleaning deck is removable and interchangeable for any size that suits your need and can be used as a traditional surface cleaner by simply attaching the handle. The system also is available with a recovery option.
